## **Organization Narrative**

At Husch Blackwell, we turn common practice on its head in pursuit of client success, leveraging our industry knowledge and legal acumen to tackle complex challenges. We serve clients across six main industry groups—energy and natural resources; financial services and capital markets; food systems; healthcare, life sciences and education; real estate, development and construction; and technology, manufacturing and transportation.

We place great value on teamwork. Our teams are multi-disciplinary and uniquely staffed with partners, associates, business consultants, data scientists, and client service managers who deliver holistic solutions tailored to our clients' needs. Attorneys and business professionals are empowered to work together not only across practice areas, but also across our 20+ brick-and-mortar offices, and our virtual office, The Link. We have invested in collaboration by providing the tools and infrastructure necessary for both our people and our clients to succeed.

The firm's commitment to professional development is evident at all levels. HB Foundations provides comprehensive training to entry-level associates on essential topics, including firm culture and structure, law firm economics, associate progression, and career management. Associates progress through a competency-based system, honing their legal skills and meeting performance benchmarks. Midlevel associates are selected to participate in an emerging leadership workshop, HB Emerge, and newly elected/lateral partners receive intensive strategic and leadership instruction at HB University.

Husch Blackwell encourages attorneys to provide pro bono legal services, and it financially supports organizations that offer legal aid to persons of limited means. In 2023, the firm performed nearly 27,000 hours of pro bono service.
