Diversity & Inclusion

Organization Narrative

Bradley is a national law firm with a reputation for skilled legal work, exceptional client service, and impeccable integrity. We provide business clients around the world with a full suite of legal services in dozens of industries and practice areas.

Founded in 1870 in Elyton, Alabama, before moving to Birmingham the following year, Bradley has retained the tradition of southern hospitality even as the law firm has grown into a global force. Our founding partners established the highest standards of value, ethics, and professional excellence in the practice of law – standards that have guided us through to the present day. Respect for our clients, colleagues, and communities and passion for our work are the driving forces behind everything we do. That kind of integrity means that clients can trust us to not only serve their needs, but ensure that the work is completed the right way.

Our nine offices are located in Alabama, Florida, Mississippi, North Carolina, Tennessee, Texas, and the District of Columbia, giving us an extensive geographic base to represent clients on a regional, national, and international basis. We frequently serve as national coordinating counsel, regional counsel, and statewide counsel for clients in various industries.

Diversity and equality in the workforce is a core value at Bradley, allowing us to leverage a wide range of perspectives to help us achieve the results that we expect and our clients demand. We are also committed to giving back to our communities with meaningful pro bono legal services and charitable contributions through the Bradley Foundation.

Although we are a large law firm with over 500 lawyers, our clients still enjoy the personal attention, responsiveness, and deep relationships they would expect from a boutique firm. Our attorneys and staff combine legal experience and knowledge with sophisticated understanding of industries to work side by side with clients and come up with practical, strategic solutions specifically tailored to their businesses and operations. Bradley lawyers use their talents, judgment, work ethic, and experience to go above and beyond expectations to help our clients meet their goals.

NALP is committed to helping make the legal profession accessible to all individuals on a non-discriminatory basis. NALP is opposed to discrimination based upon actual or perceived gender, age, race, color, religion, creed, national or ethnic origin, disability, sexual orientation, gender identity and expression, genetic information, parental, marital, domestic partner, civil union, military, or veteran status.
